

Group Product Manager — Court Integrations

NOVATO, MARIN COUNTY, CALIFORNIA
FULL-TIME

One Legal is a technology-driven company that is transforming how legal professionals access legal support services. We're building online tools that help simplify the administration of legal practice and, in the process, transforming an industry.

It's our vision to be the most trusted technology provider for legal support services in the United States.

This position leads One Legal's court and justice integrations. The Group PM for Court Integrations reports into the Director of Product and works closely with Engineering, Operations, Marketing, and Sales to identify and prioritize target markets, functionality and feature enhancements that pertain to court implementations. At a strategic level, you excel at analyzing, sizing and prioritizing opportunities ensuring One Legal remains focused on its mission to connect customers to their cases.

ABOUT YOU:

- **Domain Expert:** You've worked extensively with government, ideally justice partners and courts. You have a proven record of accomplishment of successful implementations that scale.
- **Team Leader:** You are an excellent communicator who has built teams. You know how to delegate and hold team members accountable.
- **Technical:** Ability to succeed with product and development teams... because you understand them and they love you
- **Legal:** You know it well
- **Customer Advocate:** You have a proven record of delivering simple, elegant solutions to customers. No complex business rules or UI's shall be imposed on customers.

YOU WILL:

- Research and shape our strategic roadmap to ensure that One Legal stays ahead of the competition and can consistently meet our mission while building towards our vision.
- Investigate, document and prioritize court implementations and other projects based on market intelligence, data and insights, and choose the initiatives that will have the greatest impact on the company objectives.
- Create and maintain successful relationships with courts and 3rd party technology partners to gather and communicate implementation requirements, scope, timelines and potential risk factors.
- Work cross-functionally with the business, especially with Engineering, Marketing, Sales, and Customer Support to set overall release cycles and to ensure that new products and feature launches align with business and customer requirements.
- Ensure that your team effectively translates analysis into detailed product and features specs, wireframes, and mocks-ups and collaborates effectively with designers, business analysts and engineers in an Agile product development framework.

WHAT WE WOULD LIKE TO SEE:

At One Legal we consider every candidate on his or her individual merits. However, possession of the following will help to differentiate you from the field.

- Expertise in legal, government and/or regulatory technology integrations, with demonstrated ability to build and maintain successful partnerships with court and/or government technology teams and other technology providers they have selected.
- 6+ years working with engineering and product teams
- 4+ years as a team lead or manager
- Outstanding communicator, both internally to peers, management and engineers

- Strong analytical skills & attention to detail
- Ability to synthesize user, market and competitive research into insights
- Experience with a variety of tools
- BS/MS required
- JD desirable

BENEFITS:

We offer a great compensation package, with paid vacation and sick time, flexible working options, a fun and casual work environment, a competitive benefits plan, and the opportunity to be part of a team that is shaping the future of legal technology.

As a bonus, you'll be working out of our headquarters in beautiful Marin County, just 25 traffic-free minutes north of the Golden Gate Bridge.

HOW TO APPLY:

Send a resume, cover letter, and link to your LinkedIn profile to resumes@onelegal.com.
